* Our Credit Rating Codes are indicators of probable ability to pay. They are based on business demographic factors such as number of employees, years in business, industry stability, bill paying history, barriers to entry, and government data. We recommend that these ratings be used primarily as a starting point and should not be the sole factor used in making a credit decision. You must obtain more information from bank and trade references, local credit bureaus, or other sources before extending credit. We will not be liable for any losses resulting from the use of this information.

** It is a violation of both federal and state law to transmit an unsolicited advertisement to a facsimile machine. Any person violating such laws may be subject to civil and criminal penalties which may exceed \$500 for each transmission of any unsolicited facsimile. We provide business information for lawful purposes and expressly forbid the use of our business information in any unlawful manner.
